

AMERICERT INTERNATIONAL

Harmonized GAP

Americert International is a third party auditing and certification organization established in 2008 and offering organic certification, United Fresh Harmonized GAP certification, and specific trade practices certification such as Certified Grown in the USA.

Accredited by the USDA National Organic Program and licensed as a United Fresh Harmonized GAP auditing group, Americert has a primary focus of providing certification and auditing services in the Southeast United States.

Based in Florida, Americert's goal is to put a human face on sound and sensible certification.
